Our Mission

To further develop Spirit Play curriculum and nursery activities for UUTC children, and assure these programs continue into the future, and to be forward-looking in planning for religious exploration programs that are age-appropriate as children in our congregation grow.

About Our Committee

Our committee oversees the curriculum for the CRE classroom and nursery and advocates for the children of UUTC. We will be working closely with the new Directors of Religious Education to enhance our curriculum. In years past, the committee has been responsible for the very successful summer Chalice Camp. For more information, see the [Children's Religious Exploration](#) page.
