Our Mission

To keep our UUTC grounds looking acceptable.

About Our Committee

Members of the committee commit to weeding, mowing, planting, fertilizing, pruning, and mulching. We clean the parking lot and sidewalks, work to prevent erosion, and clean up after floods and freezes.

Everyone works -- and much of the work is done independently at the convenience of the worker. The number of hours is highly variable, as our work is seasonal with a lot less mowing in January and a lot more cleanup in fall following foliage drop. Cleanup following floods is particularly resource-intensive.

New members are always welcome, and need not know anything about horticulture. We are happy to work with folks who feel they need training. So join us!
