Our Mission

To provide music for Sunday morning services, and occasional special events, incorporating the many musical styles, genres, and instruments of our choir and musicians.

About Our Committee

Our focus is entirely on music planning. We work with the minister, service coordinators, and guest speakers to develop musically-integrated services and special events, incorporating musical genres best characterized as eclectic - from folk to classical to country to pop, along with hymns from our two UU hymnals. Our instrumentalists rehearse as necessary for their scheduled performances, planned a month at a time. Our choir generally practices two Wednesday or Thursday afternoons, and two Sundays before services.

We are a flexible group, and always welcome new voices and new instrumentalists!
