Our Mission

The mission of the Worship Team, in collaboration with the minister, is to provide Sunday morning services that stimulate and encourage religious and spiritual growth.

About Our Committee

The Worship Team members attended a Cluster Leadership Training meeting for team building, leadership and generating fresh ideas for Sunday services. The team attended a workshop led by Clark Olsen which included instructions for designing and executing free-flowing 'inclusive' guest speaker services in which congregants tell about certain life experiences based upon a selected theme. The November 14, 2010 worship service was designed and executed as the first UUTC 'inclusive' guest speaker service featuring three congregants relating personal stories of how World War II affected their lives.

Worship Team Member Responsibilities:

- Research and engage Sunday service Guest Speakers
- Perform Service Coordinator duties for non-minister Sunday services
- Maintain a list of past and potential Guest Speakers
- Communicate information about Guest Speaker services to Administrative Assistant and to Music Team Chair
- Submit newspaper publicity for Guest Speaker services
- Obtain ushers for all services
- Assist with Sunday morning jobs
- Record the business and attendance at meetings
