

UUTC Leaders

Description of Committees, Projects, and Leadership Activities 2007 – 2008

GROUNDS COMMITTEE

Meeting Date and Time Open

Purpose and/or Mission Statement
To keep UUTC grounds looking acceptable.

Duties/Focus of Committee
Weeding, mowing, planting, fertilizing, pruning, mulching, cleaning parking lot and sidewalks, preventing erosion, cleaning up after floods and freezes.

Subcommittee Assignments
A group of the committee developed the Memorial Garden.

Individual Assignments
Everyone works and much of the work is done independently, not on specific days or at specific times. New members are welcome and do not need to know anything about horticulture. We are happy to train folks who feel they need training.

Personal Interest/Skills Needed
Willingness to work and get along with each other.

Committee's greatest accomplishments
The lovely UUTC grounds.

Joys of being on the committee
Working with other committee members and getting to know each other.

Approximate hours per month
Highly variable. There is a lot less mowing in January and a lot more cleanup in fall following foliage drop. Cleanup following floods is particularly resource intensive.
